

BURNING SEED 2014

...IMAGINE • NATION...

1-7 OCTOBER

WHAT WHERE WHEN

We acknowledge that Burning Seed is being held on the traditional lands of the Wiradjuri people. We recognise the strength, resilience and capacity of Aboriginal and Torres Strait Islander people as the traditional custodians of this land.

The theme for Burning Seed 2014 is...

Imagine:Nation

Imagination is the wellspring of our creativilisation, with tributaries reaching far beyond the cradle of playa or paddock.

It is a birthplace of who we are, not where you find us. Though unbounded by the territory of nation, we are the aggregation of shared dreams and desires, customs and common descent; we share the power to imagine forth the today of tomorrow.

And our boundaries are as fluid as the tributaries that feed us. They flow, grow and reach in an ever-widening delta of others, pooling together in our Imagine:Nation of connection, creation and community.

Burning Seed is a participatory event. You don't have to be an artist to make art, or a performer to perform, or a dancer to dance - spontaneous action is encouraged!

Be inspired. Do what you feel. You can create something too, or join others who are doing the same. Share your crazy-fun-beautiful self with your Seed community and let your Imagine:Nation run free.

Welcome Home

Information Red Earth Info at Centre Camp is your first contact point for Seed-specific questions. It will be staffed between 11am and 3pm every day, and there will be information for you to browse at other times.

Red Earth Radio makes its debut this year. Tune in for PSAs, along with interviews and some seriously rad music! Frequency TBD; operating out of Camp CBI, they'd love to have visitors. Drop in and say hello!

Ice sales Ice is the one exception to the no-commerce rule. It will be on sale at Centre Camp between 10-11am and 4-5pm daily for \$4 bag or three bags for \$10.

Telephone service Mobile coverage is minimal, and **we strongly encourage you to switch off your phone at Seed.** If you must use your phone, please be discreet.

Composting Toilets This year we debut composting toilets! Our provider can't wait to cart away the amazing by-products of your digestive system and turn it into nourishing goodness for Mother Earth. **It is vital that only human waste and toilet paper go into the toilets** – no food, tampons/sanitary products, or any other refuse. Keeping the portaloos clean and tidy helps maintain respect for our shared facilities – the neater YOU help keep them, the cleaner they will stay.

Grey water is produced from cooking, dishwashing and body washing. Minimise your grey water with baby-

wipe baths, and limit meals like pasta that need water. It's okay to dump non-toxic grey water on the grass, but NOT IN THE DAM. Package any remaining toxic grey water up in the same containers you bring your water in.

Recycling & waste minimisation

Find a fabulous mug or solid plastic re-useable cup for drinks and carry it when you wander. Use a camelback or refill personal water bottles. Sort your waste as you go. **Be responsible for your own rubbish.**

Sound Burning Seed is dedicated to radical self-expression, but it is also dedicated to creating community. This means we all must find a way to get along with our neighbours – having a good time at the expense of ruining someone else's experience ain't cool.

★ Neighbours should talk to one another when sound becomes a problem and try to resolve the issue through direct communication. If your neighbour feels your sound is too loud, you must work with them to find an acceptable volume.

★ Large-scale sound installations MUST be located on the western side of the Paddock. They may freely express themselves there unless community complaints persist.

★ Any unresolved complaints about excessive sound will become the concern of the Red Earth Rangers.

★ If you intend to use an amplified audio system at your camp, we request that you pre-register at themecamps@burningseed.com

Getting comfortable and being neighbourly at Burning Seed

Lost and found Anything found should be given to Red Earth Info in Centre Camp, dropped off at the Greeters Station, or brought to Red Earth Rangers HQ next to center camp 24 hours a day.

Participation Ours is a society of activists. When we see a job that needs to be done, we roll up our sleeves and pitch in. There is no 'they', only 'us'. If you see someone acting irresponsibly, **introduce yourself and speak up.** Don't be a 'participation snob'. Just because someone isn't costumed or visibly participating doesn't mean they aren't contributing.

Community Crew Burning Seed has a dedicated group of community crew who are here to help. Red Earth Info is your first point of contact for any event information and can be found at Centre Camp. The ARTery manage artworks, while the Department of Planning and Infrastructure (DPI) maintain facilities and infrastructure – you can connect with them via Centre Camp. Rangers ensure the safety of the site and participants. They are your go-to people if you have a question or concern, and can be identified by their high-vis vests. They can be found roaming the event or at Ranger HQ next to Centre Camp. We need community crew members onsite, before, during and after the event, and offsite all year round. If you have not already raised your hand to help prior to making it to the Paddock, it is not too late! Check out the crewing page at www.burningseed.com (under the

PARTICIPATE menu) or come on down to Centre Camp to chat about how you can help to make the awesome happen.

Alcohol and illegal substances

Responsible use of alcohol is allowed for adults. If you are serving alcohol, it is your responsibility to verify that the person you are serving is of legal drinking age (18+). If you have doubts, ask to see their ID, or don't serve them. As with the rest of Australia, Seed has to follow state and national laws concerning illegal substances. The rules apply.

Commerce & corporate advertising

The sale of products and services is prohibited at Seed. There is NO participant vending. If you need a specific item, ask your neighbours. Confront your own survival. Corporate advertising is also not allowed. Participants with rental trucks are encouraged to cover or decorate logos. The display or distribution of corporate banners, corporate logos, giveaway items, samples and other promotional paraphernalia is prohibited.

Consent is sexy! Nothing is sexier than knowing your boundaries – and someone else's. ALWAYS ask before initiating any physical contact such as touching, hugging, spanking...you get the idea.

Wanna snap a photo? Ask first, even if they are naked. Actually, especially then! If you are asked to delete a photo, please do so immediately.

The Ten Principles

BURNING SEED IS AN EXPERIMENT IN TEMPORARY COMMUNITY

Radical Inclusion

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

Gifting

Burning Man is devoted to acts of gift giving. A gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

Decommodification

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

Radical Self-reliance

Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

Radical Self-expression

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

Communal Effort

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

ITS CULTURE IS GUIDED BY THE TEN PRINCIPLES OF BURNING MAN

Civic Responsibility

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws

Participation

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

Leaving No Trace

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

Immediacy

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

TUESDAY 7 OCTOBER

No official activities, parties or events today. Boooo! You're encouraged to leave Red Earth City by midday, unless you're sticking around to help return our home to its former glory. If leaving today, please don't drive until you are ready. You're a precious little jewel, and there may be breathalysers on the way out.

Leaving the Seed site

Heading home

PLEASE DON'T DRIVE UNTIL YOU ARE READY. There may be breathalysers on the way out. We have added an extra day to the end of the event to ensure everyone has adequate time to recover after the Effigy burns.

Leave No Trace

Make sure everyone does a MOOP (Matter Out Of Place) sweep of your camp before you leave. Every little bit of MOOP, including nails, cable ties, peanut and egg shells, glitter, cigarette butts, anything that is not part of the natural environment, must be taken away.

Leave no trace really does mean **LEAVE NO TRACE**.

Rubbish & recycling

DON'T DUMP RUBBISH IN NEIGHBOURING TOWNS, roadside bins or service stations on your way out. Remember to secure your load. We suggest using heavy-duty bags or double bagging – heck, if you put it on top of your vehicle, triple bag it! You can dispose of your rubbish in several local places for \$3 (wheelie-bin sized) or \$8 (a trailer load).

- **Narrandera:** Cypress Centre Recycling, 1 Dalgetty St, Narrandera.
- **Wagga:** City Council Waste Management Site (garbage and recycling), 132 Ashfords Rd, Wagga Wagga.
- **Coolamon Tip:** Located 5 km SSW of Coolamon. Head South on Wagga Hwy less than 1 km, turn RIGHT on Rock-Coolamon Rd. Drive 5 km, tip is on your right. Open Mon 9am-1pm.

- **Ganmain Tip:** Located at the end of Grave St (by the cemetery) in the far SE corner of town. Go S down Gresham St from Coolaman-Ganmain Rd (also known as Waterview Rd) until it hits Grave St, turn left, keep going and pray for signs. Open Mon 2-5pm.

Recycling & rubbish collection fundraiser

The Matong Community Group is holding a recycling and rubbish collection fundraiser on Sunday, Monday and Tuesday. The collection point is located on Deepwater Rd in the Matong township. Hours: Sun and Mon: 9am-dark; Tues: 9am-4pm. We encourage all burners to support this collaborative initiative between Burning Seed and the local community that supports us. Pro-tip: make the 8-minute drive into Matong to drop off your MOOP before loading up to open up more space.

IMPORTANT STUFF

Fire

Fire is the biggest risk to Burning Seed – and to our crop-growing neighbours at the peak of their harvest season. We take fire very seriously, and ask for your understanding and cooperation of all the following guidelines.

- **Open fires** as per the conditions of our site permit, there can be NO SOLID FUEL FIRES except in registered art fire pits/events or Theme Camp burn barrels. Don't have a registered burn barrel? Don't fire up - it's that simple. Violators will be ejected from the event. Yes, we are that serious.

- **If you see any other fires**, please inform a Seed Ranger or other Volunteer. PERSONAL FIREWORKS AND FIREARMS ARE ALSO PROHIBITED.

- **Stoves and heaters:** Gas-fired stoves and heaters are allowed, but must be supervised at all times. Do not leave them unattended under any circumstances.

- **Gas heaters** must be inspected and tagged for safety at the Gate before use on site. You must have a fire extinguisher on hand

to pass inspection, and have a means of securing them so they can't tip over. No flammable materials (trees, tents, tarps fabric, etc) should be within a three-metre radius or twice the height of any gas-fired appliance when in use.

- **Fire spinning:** All fire play activity is coordinated by the Fire Enclave out of the Mint Country Club theme, and can occur only in the designated play areas. Plan on spinning? YAY!!! Bring your safety gear, and pay Mint Country Club a visit to get the skinny.

- **Burn Perimeters** The Effigy, Temple and art piece burns will have safety perimeters coordinated by the Red Earth Rangers. In light of past tragedies at regional burns, we ask for your full cooperation in respecting the Rangers' guidance and not approaching the fire until clearly permitted to do so.

- **Total fire ban** It is unlikely but possible that there may be total fire ban days, in which case we ask that no flame be lit whatsoever - extending the utmost care even to cigarettes, pipes and cigars as well.

The dam

This is strictly off limits. NO BATHING, SWIMMING OR WASHING OF ANY ITEMS IS PERMITTED. Children must have an adult with them whenever they are nearby.

Children

All children under 18yo must be accompanied by their parent or legal guardian. It is your responsibility to ensure the safety of your child at all times during Seed. If you encounter a lost child, alert a Ranger immediately. Always be respectful of children's personal space and their needs. They are a part of our community.

Pets

We get that you love yours, but pets are NOT allowed at Seed.

Campervans

There are no electricity hook-ups or dumping stations. You are not allowed to dump on the ground.

Leave No Trace

Our community respects the earth. We are committed to leaving no physical trace of our activities wherever we gather. Rule No. 1 of Leave No Trace – Don't let it hit the ground! BURNING SEED IS ALSO A DO-OCRACY. If you see MOOP

(Matter Out Of Place), pick it up. Smokers, you are responsible for your butts. Please carry a small ash receptacle with you.

Emergency medical services

If you or someone else requires medical assistance find a Ranger, or visit our First Aid Team right next to Centre Camp. Trained medical volunteers are on duty 24/7 and emergency evacuation is available.

Media

The number of media crews will be limited and they are pledged NOT TO INTERFERE WITH YOUR EXPERIENCE. If you feel that a media person is creating a nuisance, contact the Rangers.

Security

Security personnel monitor the gate and boundaries. If you have any concerns with security, ask for Ranger assistance.

Our neighbours

There are properties bordering the forest on all sides of our village and entry to these is strictly prohibited. PLEASE RESPECT OUR NEIGHBOURS AND THE VILLAGE BOUNDARIES.
